OUR VISION / OUR PROMISE

BananaTime™ LLP is a collaborative agency, resource, + advocate. We launch projects that are values-based, mission-driven, and outcome-oriented. All BananaTime™ members are leaders in their fields and act as trained consultants.

We are happy to advise on matters such as:

- Innovation**
- Commitment**
- Failure**
- Growth**

We aim to advance the arts (*within reason*) and equip creatives for the 21st and early 22nd century.

We acknowledge the vast quantity of ideas and content and strive to generate more. We cater to those with internet access, time, and a passion for progress. We stand at the congested intersection of technology, community, and aesthetics– directing traffic and proposing alternate routes.

With or without your capital, we **can** build a website.

Alexandra Lakind, CEO (she/her/hers)
